***Allowable Subject Matter***

1. **Claims 1, 2, and 8** are allowed. The following is an examiner's statement of reasons for allowance:

- a. The prior art fails to sufficiently describe or suggest a communication device comprising a transmitter for transmitting a UWB pulse and a plurality of receivers disposed equidistant from the transmitter wherein distance measuring equipment detects a distance or direction to an object based on reception times when each of the receivers receives the UWB pulse directly from the transmitter and from an object-reflected wave thereof.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
